Datscha Radio 17 presents Plots & Prophecies

Datscha Radio is a temporary and mobile radio station. Creatively, interdisciplinary and open to all, Datscha Radio transforms the privacy of the allotment garden into a public art and communication space.

From the **25th to the 29th of August**, we will be broadcasting directly from the winter garden of allotment No. 665 in the gardening and settlement association "Einigkeit e.V." [Unity] in Pankow-Rosenthal.

Protagonists of the international radio art scene will gather here with gardeners and bee-keepers, utopists and activists, each using their own individual style to investigate the current issues in the fields of plant intelligence and ecology, economy and the future of gardening. And last but not least: we will listen to the sound of the garden.

Broadcasting starts on Friday, 25th of August at 12pm. Datscha Radio broadcasts 24/5 on stream on datscharadio.de as well as at selected times **in Berlin on FM 88.4 MHz**, in Potsdam on 90.7 MHz. Information about the programme and further details, as well as about our invited artists and guests can be found on our daily blog updates.

Datscha Radio 2017 is supported by the District Office for Culture and Science Pankow and is realised in collaboration with [colaboradio](http://colaboradio.de) and the Pi Radio Verbund Berlin.

Additional sponsors include the Hans and Charlotte Krull Foundation, "Bildungswerk" of the Heinrich Böll Foundation, sponsored by Stiftung der Deutschen Klassenlotterie Berlin, the Foundation "Mensch und Umwelt" and interflugs.
